Seal and Bearing Kit Quick Reference

Catalog PB-94101

Strength • Power • Speed • Agility

MERITOR PARTS. RIGHT FROM THE START.

HOW TO USE THIS CATALOG

- This catalog is a Quick Reference Guide for Seal and Bearing Kits. The kits are sequenced according to the kit number. The contents of each kit, the model designation, the carrier(s) it is used on and a brief description is listed. If you don't know the kit number, there are three indexes included to make it easier to find the kit you need.
- The first index is by axle model. Find the axle model you are looking for and the corresponding kit and page number are shown.
- The next index is by carrier number. Locate the carrier you are servicing and the kit will be shown next to each number. However, in many instances there is more than one kit available for a carrier. You must look at each kit to find the one that best serves your needs.
- The third index is in kit number sequence. This shows each seal and bearing kit and the corresponding page number.
- In the back of the catalog, there is a competitive cross reference for the seal and bearing kits. If you know the competitive part number, you can find the Meritor part that will replace it. This cross reference has been carefully researched to make it as accurate as possible. Use this cross reference as a guide only. If you are not sure which part to use, always follow the vehicle manufacturer's specifications.

All of the components in Meritor seal and bearing kits meet genuine OEM specifications and are the same as are used on all production axles. The components in these kits have been designed specifically for use in the applications for which they are assigned. Any use of the components in applications other than those shown in this book may void your warranty. There is no way to determine specific component manufacturers within each kit as Meritor uses multiple suppliers in some cases. Meritor reserves the right to change suppliers on any component contained in the kits shown in this book without notification.

ARVINMERITOR AFTERMARKET PARTS WARRANTY

We warrant all new parts for one year from date of shipment to the buyer against defective material or workmanship (but not against damage caused by accident, abuse or improper installation, maintenance or repair) when such parts are used on vehicles the specifications of which have been approved by our Engineering Department.

As the exclusive remedy under this warranty, we will, at our option, repair or replace such parts free of charge, or take back the nonconforming parts and refund the monies paid by buyer for such parts, if found on examination by us to be nonconforming and if any necessary return charges are prepaid.

If it is necessary to return any parts under this warranty, buyer agrees not to make any deduction on account thereof from remittances on current accounts while claims are in the process of disposition. Any expense incurred without our consent for repairs or replacement will not be allowed.

THIS WARRANTY IS EXPRESSLY IN LIEU OF ALL OTHER WARRANTIES OR CONDITIONS, EXPRESS, IMPLIED OR STATUTORY, INCLUDING ANY IMPLIED WARRANTY OF MERCHANTABILITY OR FITNESS FOR PARTICULAR PURPOSE. IN NO EVENT SHALL SELLER BE LIABLE FOR INCIDENTAL OR CONSEQUENTIAL DAMAGES OF ANY NATURE.

Only genuine ArvinMeritor replacement parts are covered by this aftermarket parts warranty.

Information contained in this publication was in effect at the time the publication was approved for printing and is subject to change without notice or liability. ArvinMeritor, Inc. reserves the right to revise the information presented or discontinue the production of parts at any time.
